

HVAC engineered products

fans • dampers • air distribution • terminal units • sound control

TITUS	AIR DISTRIBUTION	Grilles/registers/diffusers; architectural air bar/linear slots; laminar flow diffusers, security grilles, drum louvers, under floor diffusers, VAV and thermal diffusers.
	TERMINAL UNITS	VAV, constant volume and fan powered boxes; under floor terminals and retrofit assemblies; pneumatic, electric, analog or DDC controls.
	FAN COILS/AIR HANDLERS	Vertical stack, horizontal, floor and cabinet fan coil units. Horizontal and vertical belt-driven air handlers, indoor and outdoor, to 9,000 CFM.
PENNBARRY	FANS & VENTILATORS	Domex, Fumex, Centrex, Dynamo, Zephyr, Transfan, Breezeway and more. The company that started the industry – now over seventy years young and growing.
	CENTRIFUGAL FANS AXIAL FANS	Applied blowers, utility sets, tubular centrifugals, plug, plenum and industrial Fans. tube axial, vane axial, duct fans and ESI (Efficient Silent Inline) fans.
	FUME EXHAUST FANS	Hyblast axcentrix (mixed-flow) & centrifugal lab exhaust systems.
	SPECIALTY FANS	Pressure blowers, bifurcators & super large roof ventilators to 120" diameter.
SUPREME FAN	GREASE EXHAUST FANS	Industry's finest heavy duty/high static/easy access grease exhaust fans. Specifically designed for ease of maintenance and grease free rooftops.
AIR BALANCE	FIRE, SMOKE & CONTROL DAMPERS	Complete line of fire & smoke dampers, control dampers and backdraft dampers. Locally manufactured with 24 HOUR QUICK SHIP available on many products!
AMERICAN WARMING	LOUVERS & PENTHOUSES INDUSTRIAL DAMPERS	Extruded, fabricated, stationary, adjustable or acoustical. Heavy duty commercial and industrial control, backdraft, pressure relief and specialty dampers.
A-J MFG.	STAINLESS STEEL AIR DISTRIBUTION	Type 304 or 316 stainless steel grilles, registers, diffusers, linear slots, bar linear, drum louvers, security outlets, perforated screens, extractors and dampers.
CARROLL MANUFACTURING	KITCHEN VENTILATION	Baffle filter, extractor, water wash canopy and eyebrow hoods. APU (Air Purification Unit) for control of grease, smoke and odors allowing sidewall discharge.
COMMERCIAL ACOUSTICS	SILENCERS & NOISE CONTROL SYSTEMS	Sound attenuators, acoustical panels, "No-Fill" silencers, elbow Silencers, transfer silencers, cone silencers and fan regain silencing technology.
CRITICAL ENVIRONMENT	GAS DETECTION	HVAC gas detection systems, analog and digital. CO detection for garage exhaust, refrigerant detection for central plants, CO ² detection for air quality management.
DUCTSOX	FABRIC AIR DISPERSION SYSTEMS	An innovative alternative to exposed metal ductwork. Ideal for delivering uniform conditioned air to all commercial, industrial and clean room environments.
FANAM	SPECIALTY FANS & BLOWERS	Unique line of fans for exhausting methane gas, laboratories, fume hoods, sanitation plants, chemical storage, laundries or any corrosive mediums containing acidic and solvent vapors.
NEPTRONIC	STEAM HUMIDIFIERS DUCT HEATERS WATER VALVES CONTROLS	Immersion element type with permanent, easily cleanable, stainless steel chamber. Electric open coil or tubular designs. Full modulation without the high cost of SCRs. Pressure independent, dynamic balancing temperature control valves; 100:1 turndown. Electronic damper & valve actuators. Patented "Enerdrive" system for failsafe positioning.
PANASONIC	VENTILATION FANS DUCTLESS MINI-SPLITS	Exceptionally quiet ceiling exhaust fans and ductless split air conditioners. So quiet, you may not know they are running...
PRECISION AIR PRODUCTS	LAMINAR FLOW SPECIALISTS	Diffusers and systems for surgeries, isolation rooms and clean rooms. Components or complete system design.
RICKARD	VAV DIFFUSERS	VAV cooling and heating – Intelligent comfort control through variable geometry thermally or electronically actuated diffusers. Architecturally pleasing designs, LON compatible.
SEIHO	ARCHITECTURAL GRILLES	Aluminum round registers, spot diffusers and turbo nozzles. Available in a wide variety of colors, sizes and distinctive architectural styles.
TUTTLE & BAILEY	SPECIALTY AIR DISTRIBUTION	Combining the best of the Agitair, Buensod, Barber Colman and Tuttle & Bailey brands. A distinctive line of grilles, registers, diffusers, induction boxes and bypass air terminals.
YOUNG REGULATOR	DAMPENING DEVICES	Remote BOWDEN cable control systems, motorized zone dampers, high quality operators, regulators, miter gears, worm gears, hardware & assemblies.
